SUMMARY

Final-year B.Tech Computer Science & Design student with strong foundations in Java, Object-Oriented Programming, Data Structures, and Full-Stack Web Development. Experienced in developing academic and projects using Java, HTML, CSS, JavaScript and MySQL. Passionate about backend development, problem-solving, and building scalable software solutions.

EDUCATION

Vel Tech Rangarajan Dr. Sagunthala R and D Institute of Science and Technology <i>Bachelor of Technology in Computer Science & Design</i>	2023 – 2027 (Expected) CGPA: 8.57
Sri Chaitanya Junior College <i>Intermediate (MPC)</i>	2021 – 2023 Percentage: 90.6
Pragna Vidya Niketan High School <i>SSC</i>	2020 – 2021 Percentage: 100

INTERNSHIP EXPERIENCE

DIGIT IT <i>Software Development Intern</i>	June 2025 – Sep 2025
---	----------------------

- Developed and enhanced functional modules for MyGuruV.com as part of a live industry project.
- Collaborated with the development team to identify and resolve software issues while participating in testing and application deployment.
- Managed code updates using GitHub and contributed to project workflows by following Software Development Life Cycle (SDLC) practices.

PROJECTS

Library Management System (Ongoing)

- **Tech Stack:** Java, Object-Oriented Programming (OOP), ArrayList
- Developing a library management application to manage book records, including adding, viewing, searching, and deleting books using Java.
- Applying Object-Oriented Programming concepts and Java Collections (ArrayList) to build a modular, maintainable, and efficient application.

To-Do List Application

- **Tech Stack:** HTML, CSS, Java, JDBC, MySQL
- Developed a task management application using Java and JDBC with CRUD operations to create, update, delete, search, and manage tasks efficiently.
- Implemented backend logic with database integration while applying Object-Oriented Programming (OOP) concepts to store and retrieve user and task information.

SKILLS

Programming Languages : Java
Frontend : HTML, CSS, JavaScript
Database : MySQL
Tools : Git, GitHub, VS Code
Core Fundamentals : Data Structures & Algorithms, Object-Oriented Programming(OOP), Collections (ArrayList), Problem-Solving, Team Collaboration, SDLC

ACHIEVEMENTS

- Participated in college-level hackathons focused on real-world software development and problem-solving.
- Solved 80+ Data Structures and Algorithms problems using Java on LeetCode.
- Maintained GitHub repositories showcasing academic projects, coding practice, and version control using Git.
